ABOUT US

ABOUT OUR COMPANY

Pro Pack Supply is a wholesale distributor of dispensary supplies and packaging based in San Bernardino, CA. Since 2017, we have been serving local collectives and delivery services throughout Southern California. We started with the iconic pop tops and have since expanded our offerings to include a wide range of packaging solutions, such as glass jars, mylar bags, wax containers, pre-roll tubes, exit bags, labels, and much more!

A few years later, as the licensed storefronts expanded, we noticed a growing demand for branding and marketing solutions. We grew our team and services to include graphic design, offering logos, business cards, marketing materials, branded displays, custom merchandise, product labels, stickers, and packaging design. We also offer UV printing for vapes, cartridges, and lighters. Our latest additions include custom Mylar bags and boxes, all printed locally!

We are committed to providing the best customer service, fast shipping, and quick turnarounds on all projects and stock items. You can call us, place your order online, set up a will call, or visit our location. We offer next-day local delivery with a minimum order of $500. Walk-ins are always welcome!

We are here to answer any questions. Please feel free to contact us and we look forward to the opportunity to work with you!

OUR UV-PRINTING PROCESS.

Our custom UV-printing process begins with a detailed quote based on your product, artwork, and quantity, followed by payment to begin production. Once payment is received, we provide a digital mockup for approval and, if we are printing on a device or product we have not worked with before, collect a physical sample to create a custom-fit printing mold. We then produce a test print for approval to ensure the artwork, positioning, and print quality meet your expectations before moving into full production. Once the test print is approved, we proceed with printing the complete order and preparing it for final delivery or pickup.

VISIT OUR WEBSITE FOR MORE STYLES

CUSTOM UV PRINTED ALL-IN-ONES

Our high-quality printing process ensures that colors stay bright and crisp, resistant to fading and wear. Ideal for businesses looking to promote their brand. Customize these vape by adding logo, strain, and QR Code. Print Single or Double Sided. Got Multiple strains? No worries, we can print various SKUs to help differentiate each flavor!

CUSTOM ALL-IN-ONE WRAPS

Full color vinyl wraps for all disposables, made to fit your device and designed to fit your brand. Add QR Code, Weight, Strain name, or simply just your logo. Attention is key and with a device like this is a great way for any brand to be rememberd and showcase strains and flavors!

CUSTOM OUTDOOR SIGNAGE

Upgrade your outdoor spaces with our stylish and durable aluminum signage. Crafted from high-quality aluminum, our signs are built to withstand the elements, making them ideal for year-round use. They are lightweight yet strong, and easy to install, offering a sleek and professional appearance that lasts for years. Perfect for parking, branding, and for sale signs, each piece is fully customizable to meet your specific needs!

STOREFRONT WINDOW GRAPHICS

Working in a storefront or office setting with large windows or glass walls? Make the most out of valuable real estate and promote in-store sales, special events, or even business information with perforated window decals, spot decals, or half wraps. Eye-catching vinyl signage can entice passersby to stop in and see what the business is all about—and make window shopping more fun!

CUSTOM VEHICLE GRAPHICS

In a world where every car and business vies for attention, vehicle wraps ensure yours to stand out effortlessly. From FULL WRAP, SPOT DECALS, & COLOR CHANGES, we have you covered- literally! Specializing in 3M Materials, the best product the market has to offer. Make your vehicle a billboard on wheels and let your brand speak for itself when you are on the road and drive traffic to your store!

CUSTOM APPAREL

HOODIES & SHIRTS

Elevate your style with our premium printing using DTF (Direct to Film) transfer technology. Whether you're looking for bold designs, vibrant colors, or personalized branding, we've got you covered. Choose from our many options for shirts, hoodies, tank tops, hats, and more!

CUSTOM HATS

Top off your brand with custom hats featuring high-quality patches, professionally made and pressed onto premium hats of your choice. From bold logos to unique artwork, create custom headwear that gives your brand a polished, recognizable look while making a lasting impression.

PROMOTIONAL PRODUCTS

Drive traffic to your business with promotional items, including A-frames, tote bags, drawstring bags, and lanyards. These products are perfect for creating brand awareness at store events, attracting attention during giveaways, and welcoming first-time customers. Ask us about all the products available and let us help with all your design and marketing needs!

CUSTOM VAPE BOXES

Vape boxes are crafted to enhance the presentation of disposable vapes and cartridges while offering child-resistant protection and state compliance. Perfect for retail displays, these boxes provide a high-end, professional appearance that helps boost product sales. Inserts can be customized to fit any device, ensuring a perfect fit.

RETAIL DISPLAY BOXES

Custom retail display boxes are an excellent solution for showcasing and promoting products in retail settings. They can be used as master boxes to sell and ship wholesale products, including pre-rolls, vapes, mlar bags, wax jars, and more. With various sizes, styles, and finishes available, each box is tailor-made to suit your specific needs.

CUSTOM MAILER BOXES

Mailer boxes are perfect packaging solution for securely shipping your products while enhancing your brand's presentation. These are a great marketing idea for e-commerce, subscription services, gifts, promotional, and samples. Fully customizable inside and out. Make a professional and lasting impression with every delivery and marketing event!

DESIGN GUIDELINES

Orders do not include design work unless specifically stated. If the design is not provided by the client, we specialize in premium design services which can be added for an additional charge. Our team provides a maximum of 3 revisions on a design project and any changes beyond that may require a fee.

Designs sent in by clients must be an original editable artwork file (Adobe Illustrator AI or PDF, Adobe Photoshop PSD, or SVG) or a high quality JPEG or PNG to ensure the best quality possible when printing. Clients are responsible for the quality of their projects based on the files they provide.

Once the order is confirmed and payment has been received, design proofs are sent throughout the process for the client to revise and confirm. Once a final design is approved, turnover time on production will begin. (We are not responsible for misspelling errors. Triple-check all text copy. We specialize in design, not grammar. Please help reduce errors and reprint fees. Once approved and printed, we are no longer responsible.)

HOW TO PLACE AN ORDER

1. Contact us via email, call, text, website, or through our social media.

2. Receive estimate and spec sheet. Confirm all details and quantities.

3. Make a full payment for us to begin setup and production on the project.

4. You will receive confirmation when your order is ready for pickup.

FAQ's

What are my methods of pickup for my order?
We offer free local delivery, will call, and shipping via UPS & USPS. Pricing may vary based on location.

What payment methods do you offer?
We offer multiple forms of payment. Our primary forms include Zelle, Cash, or Card via payment link (with a 4% surcharge.)

What is your return policy?
We want you to be completely satisfied with your purchase. If you are not satisfied for any reason, we offer a flexible return policy to ensure your peace of mind. You may return eligible items within 5 business days from the date of purchase. You may exchange an item, or alternatively, you may opt for store credit towards future purchases.

What is your design process?
We first start by gathering project information from the client. We will then send an estimate to confirm project details and pricing. At this point, we collect payment in order for our design team to begin working on the projects and presenting the first proofs, allowing time for revisions if needed. The client will review and approve the final design proof/spec sheet via email. Once approved, projects will head into the production stage until ready for client hand-off. We will keep you updated every step of the way.

Do you provide files in different formats?
We understand clients will need their designs in various formats for different uses in either print or web. We will provide the original art files, and high quality images of the design work. File formats are provided upon completion of project.

What is a design setup fee for?
For design services, a setup fee typically refers to a one-time charge applied at the beginning of a project or service engagement. This fee covers the initial preparation required before actual design work begins. For certain items we also create a physical test-print/proof for client approval. The setup fee helps ensure that the design process starts smoothly and efficiently, laying the groundwork for a successful collaboration between the client and the design team.

Pricing, finishing, turnaround times and availability are subject to change.
